

# SZ High Load Heavy-Duty Mechanical Anchors

by MKT Fastening

## Features/Advantages

- High strength steel
- ACI 318 category 1 anchor for cracked or uncracked concrete
- Required hole diameter equals anchor diameter
- Bolt and sleeve can be removed for a flush surface; the sleeve and cone remain in the hole
- Exceptional strength coupled with the ability to resist seismic loads

\* Flat head available by special order

- Metric dimensions for international use
- Collapsible sleeve allows for secure clamping force
- Embedment depth is marked on each anchor for easy installation
